

AP122

Installation method

- For wall mounting, low-hanging

Properties

- Dual flushing
- Flushing volume 3/6 L
- Water connection possible on left, right or at the rear center
- For water connection at the rear, please order the connecting hose separately (Article number 365138)
- Fully insulated against condensation
- Color: white

Special features

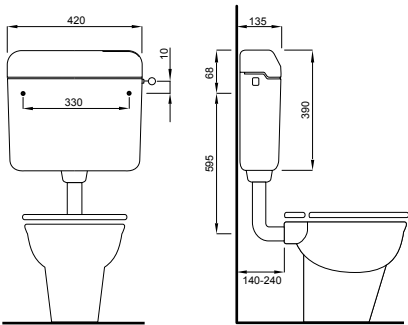

- Flushing operation on the right side
- Quiet mechanical fill valve

Product contains

- Stop valve
- Chromed Cu water connection pipe
- Flush pipe connector
- Flush pipe 270 x 220 mm Ø 50 / 44 mm
- Installation material

Article number: 221213
EAN-Code: 3838912025319
Packing: 32 Pcs./Pallet

Technical drawing

CE EN 14055 - CL 1 - 6 - NL II - VR I

AP220

Installation method

- For wall mounting, low-hanging

Properties

- Start-Stop flushing
- Flushing volume 6(6-9) L
- Water connection possible on left and right side
- Insulated against condensation
- Color: white

Special features

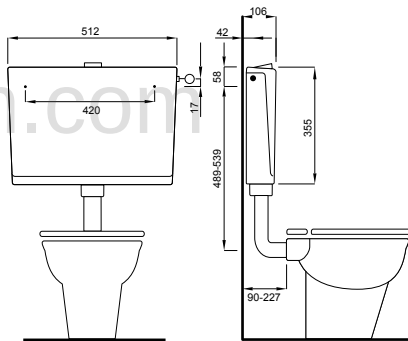

- Flushing operation in the center
- Quiet hydraulic fill valve

Product contains

- Stop valve
- Chromed Cu water connection pipe
- Flush pipe connector
- Flush pipe 270 x 220 mm Ø 50 / 44 mm
- Installation material

Article number: 4060422640
EAN Code: 8711778213135
Packing: 56 Pcs./Pallet
